Explanation of Club/Association Affiliation and Membership

Affiliated Clubs/Associations: Affiliated clubs/associations are those having less than 100% of their members as annual members of the Coalition. Affiliated membership is obtained by the club/association making an annual donation of \$2 per member to the Coalition. Club events, membership solicitations, and other data benefitting the club financially or otherwise will be placed on our website. We cannot, however, list events that are not open to the public due to space limitations.

As an incentive to club involvement, building your treasury, and supporting the Coalition, when the club sells NEW Coalition individual annual memberships (\$25) at shoots, fairs, and other activities, the club keeps \$5 for itself, sending \$20 per member to the Coalition. Membership forms can be found on our website at www.ctsportsmen.com.

Individual Memberships: Individual annual memberships are available @ \$25/year and lifetime memberships @ \$400.

Our Purpose: The "name of the game" for our purposes is strength in numbers, developing knowledgeable sportsmen able to influence legislation and other activities by and through our communications, and developing the finances needed to support our legislative and political activities.
